Principal’s foreword

Introduction

Welcome to Daintree State School’s 2011 Annual Report that details the school’s strengths, goals and performance.

School progress towards its goals in 2011

2011 was a successful year for students and the wider school community. The first priority, high quality teaching, saw the school invest in best practice training on successful explicit teaching strategies. Secondly, the school improved the ability to individually case manage each child’s learning needs by effectively collecting and using student’s individual diagnostic data. Thirdly, the school began trialling the department’s Australian Curriculum resources to help prepare for successful implementation in 2012. Also, a range of technology initiatives maintained Daintree State School’s outstanding IT resourcing to assist students’ learning.

Future outlook

2012 will be an exciting year for Daintree State School’s students and whole school community. The school will merge it’s ability to provide highly customised learning and attention for each student, with a complete offering of the Australian Curriculum for all students in it’s multi-age classroom. Leadership in technology for education from Daintree will see the growth of the cutting-edge environment for students to thrive and extend themselves in.

Characteristics of the student body:

The Daintree State School student body is made up of families from the local Daintree Village and surrounding rural areas. Students come from a variety of backgrounds and families in the area are predominantly employed in the tourism, farming, trade and service industries.

Having a small student population, Daintree State School can offer an individualised learning environment for each student.

Curriculum offerings

Our distinctive curriculum offerings
Daintree offers individualised Australian Curriculum programs in a multi-age classroom with a strong focus on Literacy and Numeracy skills and developing a range of qualities in each student including confidence and leadership.

Extra curricula activities
- School student leadership program through Tinaroo Environmental Education Centre
- Participation in the local Douglas Cluster of Schools Sporting Program – including Gala Days, Small Schools Sports Day, Cross Country and the Swimming Carnival
- Under 8’s Day program with nearby schools
- Queensland Arts Council
- School Camps
- AFL Auskick Program
- NRL Rugby League Development Program and North Queensland Cowboys school visits
- Local Community Arts activities including NAIDOC Week

How Information and Communication Technologies are used to assist learning
Daintree State School is a recognised leader in using technology to assist students’ learning.

Students interact naturally and on a daily basis with a range of technology including exciting software on iPads, laptops, interactive whiteboards, digital cameras and digital video editors, as they complete set tasks and projects. Most lessons use technology for instruction and/or for independent work to engage and to broaden each student's learning.

Social climate
Providing a safe and supportive environment for each child is essential at Daintree State School. Each student has the right to feel safe, respected and be treated fairly at school. Parents regularly report that their children “come home from school happy” and that they look forward to attending each day. Because students receive individualised support to help them achieve their potential socially as well as academically, we create an environment where each student feels confident to develop his or her skills and achieve highly in a wide range of areas. Rare issues with misbehaviour are managed in accordance with the school’s behaviour management plan.
Involving parents in their child’s education

Parents are an integral part of each student’s education at Daintree State School. There is a high level of communication between parents and guardians and the school. This frequent informal contact means that each student’s progress and needs can be individually managed and tracked so that parents and guardians know how their children are progressing and adjustment can be made where required.

Some parents who are able to, offer their time to read with students and assist with art, craft, and other activities.

Reducing the school’s environmental footprint

Data is sourced from school’s annual utilities return and is reliant on the accuracy of these returns.

The ongoing reductions in Daintree State School’s environmental footprint have been achieved through the efforts of all students and staff. Student leaders have led many of the education programs in energy reduction.

Student Attendance Distribution

The proportions of students by attendance range.

![Attendance Distribution Graph]

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

Rolls are marked daily and the school maintains close contact with parents and caregivers regarding absences.

National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9.

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at [http://www.myschool.edu.au/](http://www.myschool.edu.au/).
Performance of our students

To access our NAPLAN results, click on the My School link above. You will then be taken to the My School website with the following ‘Find a school’ text box.

Where it says ‘Search by school name’, type in the name of the school whose NAPLAN results you wish to view, and select <GO>.

Read and follow the instructions on the next screen; you will be asked to accept the Terms of Use and Privacy Policy before being able to access NAPLAN data.

If you are unable to access the internet, please contact the school for a paper copy of our school’s NAPLAN results.

Achievement – Closing the Gap

The school works to close the gap between indigenous and non-indigenous students through targeted support. Attendance rates for indigenous students were as high as non-indigenous students in 2011.
