Principal's foreword

Introduction

The Annual School Report provides information on the overall performance of Daintree State School across a range of measures in 2013. This report contains an overview of the achievements and highlights at Daintree State School over the last year. A number of key actions have been implemented in the last 12 months to improve student learning and maximise achievement. This report also provides an overview of our priorities for 2014.

School progress towards its goals in 2013

Our 2013 goals and actions, in line with Far North Queensland's school improvement agenda, were:

- ✓ Improve teaching - explicit teaching professional development, use of research backed foundational programs and maintaining high expectations in all areas.
- ✓ Refining and embedding data based decision making - rigorously and individually tracking and monitoring each student's performance.
- ✓ Refining and embedding planning & accountability systems - linking the school to regional improvement and accountability systems.
- ✓ Connecting parents and care givers with their child's learning regular and personal feedback to each parent, sharing positive news and inviting parents and caregivers to events.
- ✓ Enhancing teaching and student learning in a multi-age classroom - with technology continuing the school's iPads for teaching and learning initiative.

How Information and Communication Technologies are used to assist learning

Daintree State School continues to be recognised as a leader in using technology to assist students' learning.

Students interact naturally and on a daily basis with a range of technology and software including using iPads, laptops, interactive displays, digital cameras and digital video editors, as they complete set tasks and projects. Most lessons use technology for instruction and/or for independent work to engage and to broaden each student's learning.

All students have ready access to technology for their learning every day.

Social climate

Providing a safe and supportive environment for each child is essential at Daintree State School. Each student has the right to feel safe, respected and be treated fairly at school. Students receive individualised support to help them achieve their potential, socially as well as academically, and an environment is created where each student feels confident to develop his or her skills and achieve highly in a wide range of areas. Issues with behaviour are managed in accordance with the school's Responsible Behaviour Plan. A supportive guidance officer is available for students and families requiring this service. Students enjoy coming to Daintree State School and relate well with each other and with staff, and this is evidenced by high student and parent satisfaction with the school.

Parent, student and staff satisfaction with the school

Daintree State School enjoys exceptionally high satisfaction ratings among parents, students and staff.

Involving parents in their child's education

Parents are active partners in their child's education at Daintree State School. There is a high level of communication between parents and carers and the school. This frequent informal contact, along with parent-teacher interviews and other meetings, means that each student's progress and needs can be individually managed and tracked so that parents and guardians know how their children are progressing and adjustments can be made where required. Parents are also encouraged to support the school's daily reading program with students at school and at home.

Reducing the school's environmental footprint

Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns.

Daintree State School makes efforts to reduce its environmental footprint through recycling and education programs in energy reduction.

	Environmental footprint indicators	
	Electricity kWh	Water kL
2010-2011	14,479	63
2011-2012	15,159	96
2012-2013	18,857	110

The consumption data is sourced from the validated utilities expenditure return which the school submits at the end of each financial year. The data provides an indication of the consumption trend in each of the utility categories which impact on the schools environmental footprint.

Performance of our students

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

Class rolls are marked before 9am in the morning and again after second break in the afternoon. We are currently introducing electronic roll marking via One School. Extended unexplained absences are followed up by the Principal. Parents are contacted and asked to explain the reason for extended numbers of absences. A plan for more regular attendance is created and student attendance is then monitored regularly.

National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9.

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.
